Moodle Registration Process

1-2 Go to Çankaya University Preparatory School's website: cups.cankaya.edu.tr. Click on Moodle and access Çankaya University's Moodle site: webonline.cankaya.edu.tr.

3 Click on the Giriş / Login link on the moodle page to start the log-in process.

4 Click on the Yeni hesap oluştur / Create New Account link to start your registration.
5-6 Fill in the information requested in the registration form. In your registration, you need to use your Çankaya University e-mail account. After completing the form, click on the "Yeni hesap oluştur"/Create New Account button at the end of the form.

7 On the next page, click on the "Devam"/Continue button.

8 Confirm your newly created moodle account by clicking on the link in the confirmation e-mail sent to your e-mail account.

9 On the main moodle page choose the active period (1,2,3,4) in which the courses are listed.
10 On the next page, choose your class/course code.

11 Complete your class registration using the password given by your advisor instructor.

12 Congratulations!! You have completed your registration.
